

THE KITCHEN IS THE HEART OF EVERY HOME

Fall Renovations

Volume 3 Issue 3
Date September 29 2010

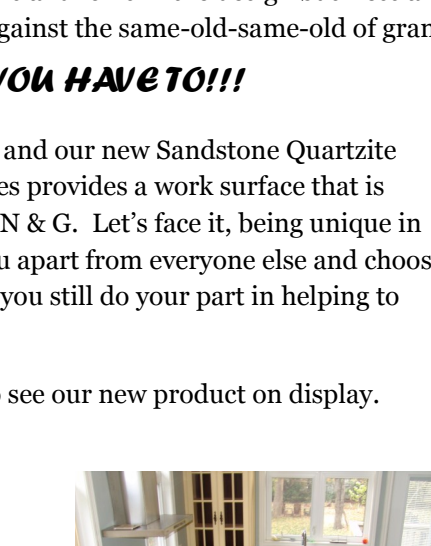

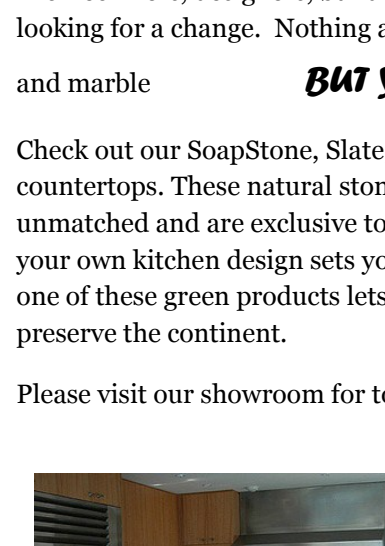

It is that time of year again.

After a spectacularly sunny summer, people are gearing up for the back-to-school, back-to-work, back-to-life-as-we-know-it.

Hopefully you have enjoyed some holiday time this summer, or at least some relaxing time with family and friends, a round of golf, a BBQ, a swim at the beach or a gathering at the cottage, what ever you summer fun was it is time to hang on to the memories and come back to reality.

Looking around the house, cottage or even the office you realize it is time to freshen up that dated kitchen, bathroom or make an outdoor BBQ kitchen for year round fun.

Creating the biggest impact your focus should be on the rooms that are used the most by family members or guest

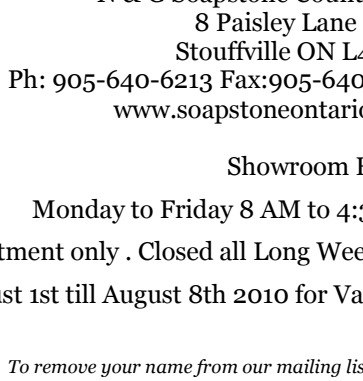

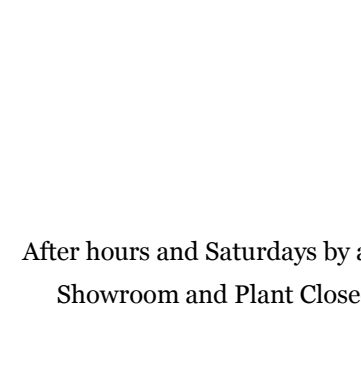

READY FOR A CHANGE

Homeowners, designers, builders and folks in the design business are looking for a change. Nothing against the same-old-same-old of granite and marble

BUT YOU HAVE TO!!!

Check out our SoapStone, Slate, and our new Sandstone Quartzite countertops. These natural stones provides a work surface that is unmatched and are exclusive to N & G. Let's face it, being unique in your own kitchen design sets you apart from everyone else and choosing one of these green products lets you still do your part in helping to preserve the continent.

Please visit our showroom for to see our new product on display.
